

Studying in Denmark

UNIVERSITETERNES AKTIVITETER

The Universities in Denmark

From one international

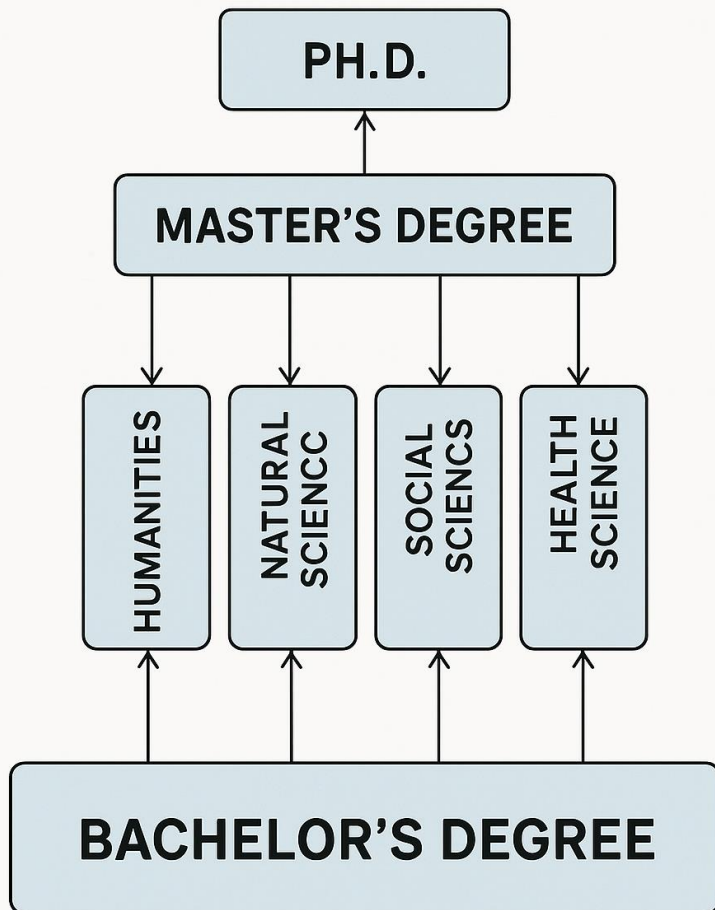

- The Danish approach to education with flat hierarchy
 - Very active, asking lots of questions, professors very approachable
- Highly ranked universities
- Active student life
- High range of English educations
- Free universities

To another international

- The famous Danish lifestyle:
 - There's a strong emphasis on work-life balance and this also shows in the academic environment.
 - Besides this, there's a safe environment in Denmark, so life is very relaxed
 - Employers are very understanding, supporting and flexible to fit your working hours and tasks around your academic responsibilities. Uni always comes first to them
- Setting the students up for “real life” and training them from day 1 to be professionals in the field.
- Lot of internationals students and good ways to become friends with Danes
- Danish people are extremely good at creating cozy (hygge) atmospheres and finding joy in the little things.
- And just when somebody would think that student life here is boring, Friday comes around and people go crazy in fridaybars or celebrating other crazy Danish student traditions.
